SOLOGIC

OBSAH:

25 oboustranných karet s obrázkovým zadáním (se zvyšujícím se stupněm náročnosti), 8 dřevěných stavebních dílů.

CÍL HRY:

Doplnit siluety budov 8 stavebními díly tak, aby bylo vidět obyvatelé.

POSTUP HRY:

Vyber si zadání.

K vyřešení zadání ulož všechny díly na obrázek, přičemž dbej na siluety budov a na jejich obyvatelé:

- Siluety: díly ukládej tak, aby kopírovaly siluety budov.
- Obyvatelé: obyvatelé musí být viditelní přes otvory v dílech.

Pozor – stavební díly jsou oboustranné!
Na lícové straně je vždy nahoře střecha.

Pozor – stavební díly jsou oboustranné! Na lícové straně je vždy nahoře střecha.

Čím vyšší číslo zadání, tím vyšší náročnost.
Na lehčích zadáních jsou některé díly již vyznačeny.
Díly stačí položit na příslušné ilustrace.

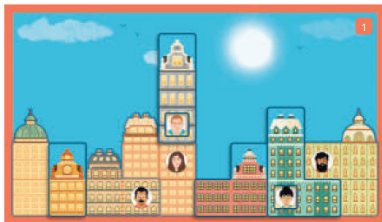

Na náročnějších zadáních jsou vyznačeny jen části některých dílů. Musíš zjistit, jak otočit a položit díly na příslušné ilustrace.

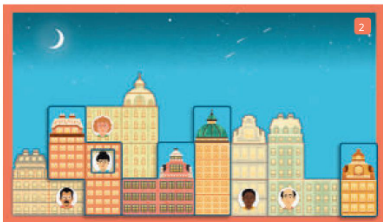

Každé zadání má jen jedno řešení.
Řešení jsou na konci návodu ke hře.
